HKC

THE NEW

2.2E S4

The Xplorer 2.2E Series 4 takes our proven camper to a new level with a streamlined Aero front box, class-leading storage and a safer integrated staircase for easier access to bed. The new CampSight 7+ management system brings your camper's electrical controls together through one smart touch interface, supported by one of the most advanced off-grid power systems available in any camper trailer. Smarter, safer and more capable, the Series 4 is designed around how people actually camp.

OUR MOST INTELLIGENT, POWERFUL CAMPER YET

Scan the QR code to explore the full Xplorer 2.2E Series 4 and discover what makes it the new benchmark in off-grid camping.
