## LOAD WITH EASE

With gas struts, the rooftop tent lifts easily, making it simple to load your gear using the foldaway aluminum ramps and 6,500 lb electric winch. Twenty strapping points, recessed tie-downs, and wheel supports keep everything secure.

### ROOFTOP & AWNING

Our Dual Lift Premium Rooftop Tent offers a 140mm memory foam mattress, integrated power and lighting, and the convenience of leaving your bedding inside, ready to go. Paired with the 270° freestanding awning, you'll have extra living space set up in under a minute, complete with inbuilt Hardkor bi-colour lighting.

### POWER

Upgraded power now standard, featuring dual 135Ah lithium batteries, three 170W solar panels, 40a DCDC charger, dual 240v GPOs, 2x 50a anderson outlet for Hardkor ready cooking and a powerful 3000W inverter.

### KITCHEN

Collapsible sink, 12v water pump with hot and cold plumbing, induction cooktop, utensil drawer, modular pantry, and large prep-bench (plus another on fridge slide) It's everything you need to cook up a storm with ease.

### WALK UP FRONT STAIRS

Say goodbye to ladders! The Xplorer's patented walk-up front staircase makes access safe, quick, and easy for everyone. This game-changing design sets a new standard in outdoor comfort and convenience.

### TANDEM OFFROAD SUSPENSION

Our ultimate off-road suspension combines tandem independent coil springs with airbags technology. Delivering a smoother, more controlled, towing experience - no matter how tough the terrain.
